SABAL CHASE ANIMAL CLINIC is **NOT RESPONSIBLE** FOR ANY ITEMS LEFT WITH YOUR PET. While we try to return all personal items left with our boarders, the nature of our service is to clean and wash all items, and therefore we cannot guarantee that blankets, bedding, etc., will return to the proper owner. We do provide towels, blankets, and bowls for your pet.

Pet's Articles: (Please Circle & Describe any which apply) Toys \_\_\_\_\_

Leash \_\_\_\_\_ Food/Treats \_\_\_\_\_ Other (Please

Specify) \_\_\_\_\_

#### **Boarding Consent:**

Please be advised that in the event of a hurricane or other natural disaster, we will close our boarding facility. The clinic has been known to flood, and our generator does not supply enough power to operate air conditioning or fans in our kennels. For this reason, please make arrangements for your pet to be picked up from our facility in the event a hurricane should threaten our area.

For the comfort of all our boarders, we will not board any sexually mature cats who have not been spayed or neutered. Female dogs in heat may not board at our facility. If your female dog goes into heat while boarding at our facility, you must make arrangements to have her picked up immediately.

While we make every effort to ensure positive training methods are used to handle anxious or aggressive boarders, not all pets respond to such techniques and may require medication. Such medications will only be prescribed if deemed necessary by one of our veterinarians. Additional charges apply for any such medications as well as additional charges for dispensing said medications. Please initial here to consent to any behavior modifying medication your pet may need while boarding. X \_\_\_\_\_

\*\*\*All pets will be brought up to date on all vaccinations, including influenza vaccines H3N8/H3N2 for dogs. An estimate will be available upon request for the required vaccinations. Any pet with fleas or ticks will be given the appropriate treatment. Dogs must have proof of purchase of heartworm preventative from a licensed veterinarian. If not, a mandatory fecal must be done. If intestinal parasites are found, we must administer a dewormer accordingly.\*\*\*

**Your signature below agrees to these requirements and the associated fees. An estimate will be available upon request.**
